Headquartered in London, Efficio is a global management consultancy, specialising in procurement transformation and supply chain.

Efficio combines the credentials of a top-tier consulting firm with the benefits of a focused specialist which will allow you to build a top-tier consulting career within a diverse and unique culture.

Our international team comprises over 40 nationalities, and our people are routinely deployed across the globe to work with blue-chip clients and leading private equity owned businesses.

We are constantly looking for innovative ways to meet the ever more demanding needs of our clients. This ensures that the environment you work in is fast-paced and exciting, providing fantastic opportunities for growth and development.

Efficio has a collaborative, supportive culture where performance is recognised and success is celebrated. Business Analysts are supported to continually develop their skills and expertise through a comprehensive training and development programme including formal training, on-the-job training, coaching and mentoring from experienced consultants and Efficio executives. The opportunities and support that come with a role as an Efficio Business Analyst make it an unmatched springboard into a top-tier consulting career.

As a Business Analyst (BA) at Efficio, you will be based in either London or Copenhagen and your role will involve:

- providing support to project teams working on consulting assignments
